We write to express our appreciation and gratitude over the donation you gave us.

On 9 September 2023, we received a donation of two desktops, their speakers and two crutches for my mother.

We really appreciate both donations. The computers will help learners in their ICT lessons, a new subject in the new curriculum. Besides, they will narrow the digital gap between urban and rural schools.

The crutches will help my mother in her movement.

May the Lord bless you and your partners.

Thank you very much.
